Evolution Is a False Religion

Scripture: Genesis 1:1–31; Exodus 20:11

Code: B100519

There is a kind of science out there—*evolutionary science*—masquerading as a reliable, objective guide to the truth. But strip away the white lab coat, turn the microscope around, and make the subject the object of your study. Guess what you'll find? It's just another false prophet proclaiming his false religion, evolution.

Here's the question for discussion: If a Christian wouldn't try to integrate the Bible with a Mormon, Hindu, or Satanist worldview, what justifies that approach when it comes to evolutionary theories about origins?
