Can You Study a Miracle?

Code: B100526

Maybe it's the legacy of 150 years of evolutionary theory; or maybe it's the basic human need to find an authority source in the vacuum of secular society. Whatever the reason, science is way out of its depth when it comes to questions of origins.

So, answer and discuss these questions: What is at the heart of the incursion of science into the territory of theology? For scientists who are professing Christians, how should *they* think about the relationship between science and theology?
